Third Party Plaintiffs.)

FIRST AMENDED THIRD PARTY COMPLAINT

I. BACKGROUND

Defendants/Third Party Plaintiffs, Tyson Foods, Inc., Tyson Poultry, Inc., Tyson
 Chicken, Inc., Cobb-Vantress, Inc., Peterson Farms, Inc., Simmons Foods, Inc.,
 George's, Inc., George's Farms, Inc., and Willow Brook Foods, Inc. (collectively referred
 to hereinafter as "Third Party Plaintiffs"), having denied all liability to the State of
 Oklahoma, *ex rel.* W.A. Drew Edmondson, in his capacity as Attorney General of the

State of Oklahoma, and Oklahoma Secretary of the Environment, C. Miles Tolbert, in his capacity as the Trustee for Natural Resources for the State of Oklahoma (“Plaintiffs”), hereby set forth their third-party claims pursuant to Fed. R. Civ. P. 14(a).

1. As specified in further detail below, Third Party Plaintiffs’ claims stated herein are prompted by and based upon the allegations contained in the Plaintiffs’ First Amended Complaint (“Complaint”) (attached hereto as Exhibit “1”), which are incorporated by reference as though fully restated herein. In their Complaint, Plaintiffs assert that Third Party Plaintiffs caused injury to the Illinois River Watershed (“IRW”),¹ including the biota, lands, water and sediments therein as a consequence of the practice of land applying poultry litter that comes from poultry growing operations operated by farmers who contract with a Third Party Plaintiff to grow that company’s poultry (“independent contract farmers”). Plaintiffs assert that the use of poultry litter in agricultural operations has resulted in the release and disposal of “hazardous materials,” “hazardous wastes,” and “solid wastes” as those terms are defined by federal statute. Plaintiffs attribute their claimed injury to the release of nutrients such as phosphorus and nitrogen, as well as five additional constituents set forth in Paragraph No. 59 of the Complaint. Plaintiffs purport to state ten counts against the Third Party Plaintiffs, including claims for cost recovery under the Comprehensive Environmental Response, Compensation and Liability Act (“CERCLA”), 42 U.S.C. § 9607(a); natural resource damages under CERCLA, 42 U.S.C. § 9607(f); injunctive relief under the Citizen Suit provision of the Solid Waste Disposal Act, (“SWDA”), 42 U.S.C. § 6972; public and private nuisance and nuisance *per se* under Oklahoma law and federal common-law; trespass under Oklahoma law; violations of Oklahoma statutes and regulations, namely

¹ Complaint at ¶ 22.

27A O.S. § 2-6-105, 2 O.S. § 2-18.1, 2 O.S. § 10-9.7, OAC §35:17-5-5, and OAC § 35:17-3-14; and unjust enrichment, and restitution and disgorgement under Oklahoma law. Plaintiffs seek to obtain and/or recover alleged past and future damages, restitution, environmental assessment costs, remediation, punitive damages, temporary and permanent injunctive relief, and attorney's fees and costs.

2. The Third Party Plaintiffs deny that their conduct and that of the independent contract poultry farmers is anything other than lawful, prudent, agricultural activity that has been officially sanctioned by the Legislatures of the States of Oklahoma and Arkansas. By virtue of the broadly cast allegations of the Complaint, it is clear that Plaintiffs are asserting that any conduct within the IRW which results in the release of phosphates or phosphorus-containing compounds (hereinafter referred to collectively as "phosphorous"), nitrogen or any of the other listed constituents is unlawful activity, which gives rise to liability to Plaintiffs for damages and injunctive relief. As such, and in light of Plaintiffs' stated intention to hold the Third Party Plaintiffs jointly and severally liable for the entirety of the alleged injury claimed to exist in the IRW, the Third Party Plaintiffs are entitled and compelled to bring third-party claims against other persons and entities who conduct activities within the IRW that release phosphorus, nitrogen or any other purportedly harmful constituent into the IRW. Should the Plaintiffs prevail on their claims and theories, thereby holding the Third Party Plaintiffs jointly and severally liable for any of Plaintiffs' alleged injuries, the following Third Party Defendants should be liable in the same manner to the extent of their several share of liability under the theory of contribution. Furthermore, to the extent that the Third Party Plaintiffs are spending and may be required to spend money responding to, investigating,

sampling, monitoring, remediating, and/or compensating the Plaintiffs for alleged injury to the IRW, the Third Party Defendants should be held liable to the Third Party Plaintiffs under their claims asserted herein for unjust enrichment and pursuant to the Citizen Suit Provisions of the Solid Waste Disposal Act, 42 U.S.C. § 6972. Accordingly, the Third Party Plaintiffs set forth the following allegations based upon their knowledge, information and/or belief.

3. Any contributions from poultry litter applications by the Third Party Plaintiffs, or the poultry farmers with whom they contract to the overall loading of phosphorous, nitrogen or any other purportedly harmful constituent in the IRW (which contribution is denied) would be insignificant in comparison to the contributions of the Third Party Defendants and the thousands of other persons, corporations and political subdivisions operating within the IRW.

4. Numerous Municipal Publicly Operated Treatment Works (“POTWs”) discharge directly into the tributaries in the IRW wastewater containing some or all of the same constituents identified in the Complaint. The Oklahoma Department of Environmental Quality (“ODEQ”) has estimated that these POTWs, standing alone, account for over approximately one-third of the total observed phosphorous load in the IRW. No POTWs were joined by the Plaintiffs in the Complaint.

5. With respect to non-point source “dischargers” of phosphorous, the Oklahoma Conservation Commission (“OCC”) has concluded that cattle operations are a larger contributor in the IRW than poultry farms. Cattle manure contains substantial amounts of some or all of the same constituents identified in the Complaint. No cattle operations were joined by the Plaintiffs in the Complaint.

6. The OCC has also concluded that stream bank erosion due to the improper clearing of trees and vegetation along riparian lands throughout the IRW is the “primary problem” in the IRW. Eroded materials from improperly managed stream banks contain substantial amounts of some or all of the same constituents identified in the Complaint. None of the individuals responsible for the improper clearing or management of riparian lands in the IRW were joined by the Plaintiffs in the Complaint.

7. Numerous landowners in the IRW, including large hay farmers, apply large quantities of commercial fertilizers, herbicides and pesticides to the lands in the IRW including lands located in close proximity to the creeks, streams and rivers comprising the tributary system in the IRW. These commercial fertilizers, herbicides and pesticides contain substantial amounts of some or all of the same constituents identified in the Complaint. None of the sellers, distributors, applicators or users of commercial fertilizers, herbicides and pesticides in the IRW were joined by the Plaintiffs in the Complaint.

8. The OCC has reported for several years now that several large Oklahoma nurseries have substantially contributed to phosphorous and nitrogen loading in the IRW. None of these nurseries were joined by the Plaintiffs in the Complaint.

9. Decentralized underground wastewater treatment and storage systems such as septic tanks and community sewage systems (collectively referred to as “Private Sewage Systems”) are located through the IRW, often times located in close proximity to the creeks, streams and rivers comprising the tributary system in the IRW. These Private Sewage Systems discharge large quantities of some or all of the same constituents

identified in the Complaint into the soil and groundwater in the IRW. Due to the geologic features of the soil and groundwater in the IRW, the constituents discharged from these Private Septic Systems may be readily transported to the nearby creeks, streams and river comprising the tributary system in the IRW. None of the owners and operators of these Private Septic Systems were joined by Plaintiffs in the Complaint.

II. PARTIES

Third Party Plaintiffs

10. Third Party Plaintiff, Tyson Foods, Inc., is a corporation under the laws of Delaware, and has its principal place of business in Arkansas.

11. Third Party Plaintiff, Tyson Poultry, Inc., is a corporation under the laws of Delaware, and has its principal place of business in Arkansas.

12. Third Party Plaintiff, Tyson Chicken, Inc., is a corporation under the laws of Delaware, and has its principal place of business in Arkansas.

13. Third Party Plaintiff, Cobb-Vantress, Inc., is a corporation under the laws of Delaware, and has its principal place of business in Arkansas.

14. Third Party Plaintiff, George's, Inc., is a corporation under the laws of Arkansas, and has its principal place of business in Arkansas.

15. Third Party Plaintiff, George's Farms, Inc., is a corporation under the laws of Arkansas, and has its principal place of business in Arkansas.

16. Third Party Plaintiff, Peterson Farms, Inc., is a corporation under the laws of Arkansas, and has its principal place of business in Arkansas.

17. Third Party Plaintiff, Simmons Food, Inc., is a corporation under the laws of Arkansas, and has its principal place of business in Arkansas.

18. Third Party Plaintiff, Willow Brook Foods, Inc., is a corporation under the laws of Missouri, and has its principal place of business in Missouri.

III. Third Party Defendants

19. Third Party Defendant, the City of Tahlequah, is a municipal corporation in the State of Oklahoma, which discharges treated sewage and/or wastewater pursuant to NPDES permit no. OK0026964, and has allowed the disposal of sewage sludge from its treatment plants into the IRW, which include but are not limited to the constituents alleged to have been discharged into the IRW in the Complaint. Upon information and belief, the City of Tahlequah has also engaged in the practice of applying fertilizers and pesticides to properties of the City of Tahlequah within the IRW. Moreover, Third Party Defendant, City of Tahlequah owns and operates the Tahlequah City Golf Course located at Route 1, Box 189, Vian, Oklahoma in the IRW. Upon information and belief, City of Tahlequah systematically applies fertilizers and other chemicals to its golf course located within the IRW. Tahlequah City Golf Course also has sewage lagoons which receive a portion of the runoff from the fairways. The operations and activities described above have and continue to result in the release of phosphorus and other constituents into the IRW. Accordingly, if the conduct of the Third Party Plaintiffs gives rise to liability to the Plaintiffs under their claims set forth in the Complaint (which is denied), then the City of Tahlequah's conduct and operations, which result in the release of some or all of the same constituents into the IRW, give rise to its liability to Third Party Plaintiffs.

20. Third Party Defendant, the City of Westville, is a municipal corporation in the State of Oklahoma, which discharges treated sewage and/or wastewater pursuant to NPDES permit no. OK0028126, and has allowed the disposal of sewage sludge from its

treatment plants into the IRW. Upon information and belief, the City of Westville has also engaged in the practice of applying fertilizers and pesticides to properties of the City of Westville within the IRW. These activities are on-going and continuous. The operations and activities described above have and continue to result in the release of phosphorus and other constituents into the IRW. Accordingly, if the conduct of the Third Party Plaintiffs gives rise to liability to the Plaintiffs under their claims set forth in the Complaint (which is denied), then the City of Westville's conduct and operations, which result in the release of some or all of the same constituents into the IRW, give rise to its liability to Third Party Plaintiffs.

21. Third Party Defendant, the City of Watts, a municipal corporation in the State of Oklahoma, which discharges treated sewage and/or wastewater, and has allowed the disposal of sewage sludge from its treatment plants into the IRW. Upon information and belief, the City of Watts has also engaged in the practice of applying fertilizers and pesticides to properties of the City of Watts within the IRW. These activities are on-going and continuous. The operations and activities described above have and continue to result in the release of phosphorus and other constituents into the IRW. Accordingly, if the conduct of the Third Party Plaintiffs gives rise to liability to the Plaintiffs under their claims set forth in the Complaint (which is denied), then the City of Watt's conduct and operations, which result in the release of some or all of the same constituents into the IRW, give rise to its liability to Third Party Plaintiffs.

22. Third Party Defendant, Delaware County is responsible for the proper design, creation and maintenance of its county roads within the IRW. Upon information and belief, Delaware County has engaged in mining activities within the IRW. These

activities are on-going and continuous. Upon further information and belief, Delaware County has failed to properly maintain its county roads in the IRW. By engaging in these activities, Delaware County has contributed through erosion and run off during storm events the release of some or all of the constituents alleged in the Complaint into the IRW. Accordingly, if the conduct of the Third Party Plaintiffs gives rise to liability to the Plaintiffs under their claims set forth in the Complaint (which is denied), then Delaware County's conduct and operations, which result in the release of some or all of the same constituents into the IRW, give rise to its liability to Third Party Plaintiffs.

23. Third Party Defendant, Adair County is responsible for the proper design, creation and maintenance of its county roads within the IRW. Upon information and belief, Adair County has engaged in mining activities within the IRW. These activities are on-going and continuous. Upon further information and belief, Adair County has failed to properly maintain its county roads, and unlawfully permitted and acquiesced to the building of illegal dams in the IRW. By engaging in these activities, Adair County has contributed through erosion and run off during storm events the release of some or all of the constituents alleged in the Complaint into the IRW. Accordingly, if the conduct of the Third Party Plaintiffs gives rise to liability to the Plaintiffs under their claims set forth in the Complaint (which is denied), then Adair County's conduct and operations, which result in the release of some or all of the same constituents into the IRW, give rise to its liability to Third Party Plaintiffs.

24. Third Party Defendant, Cherokee County is responsible for the proper design, creation and maintenance of its county roads within the IRW. Upon information and belief, Cherokee County has engaged in mining activities within the IRW. These

activities are on-going and continuous. Upon further information and belief, Cherokee County has failed to properly maintain its county roads in the IRW. By engaging in these activities, Cherokee County has contributed through erosion and run off during storm events the release of some or all of the constituents alleged in the Complaint into the IRW. Accordingly, if the conduct of the Third Party Plaintiffs gives rise to liability to the Plaintiffs under their claims set forth in the Complaint (which is denied), then Cherokee County's conduct and operations, which result in the release of some or all of the same constituents into the IRW, give rise to its liability to Third Party Plaintiffs.

25. Third Party Defendant, Sequoyah County is responsible for the proper design, creation and maintenance of its county roads within the IRW. Upon information and belief, Sequoyah County has engaged in mining activities within the IRW. These activities are on-going and continuous. Upon further information and belief, Sequoyah County has failed to properly maintain its county roads in the IRW. By engaging in these activities, Sequoyah County has contributed through erosion and run off during storm events the release of some or all of the constituents alleged in the Complaint into the IRW. Accordingly, if the conduct of the Third Party Plaintiffs gives rise to liability to the Plaintiffs under their claims set forth in the Complaint (which is denied), then Sequoyah County's conduct and operations, which result in the release of some or all of the same constituents into the IRW, give rise to its liability to Third Party Plaintiffs.

26. Third Party Defendant, Tahlequah Public Works Authority which discharges treated sewage and/or wastewater pursuant to NPDES permit no. OK0026964, and has allowed the disposal of sewage sludge from its treatment plants into the IRW, which include but are not limited to the constituents alleged to have been discharged into

the IRW in the Complaint. The operations and activities described above have and continue to result in the release of phosphorus and other constituents into the IRW. Accordingly, if the conduct of the Third Party Plaintiffs gives rise to liability to the Plaintiffs under their claims set forth in the Complaint (which is denied), then Tahlequah Public Works Authority's conduct and operations, which result in the release of some or all of the same constituents into the IRW, give rise to its liability to Third Party Plaintiffs.

27. Third Party Defendant, the Westville Utility Authority, is a municipal corporation in the State of Oklahoma, which discharges treated sewage and/or wastewater pursuant to NPDES permit no. OK0028126, and has allowed the disposal of sewage sludge from its treatment ponds into the IRW. These activities are on-going and continuous. The operations and activities described above have and continue to result in the release of phosphorus and other constituents into the IRW. Accordingly, if the conduct of the Third Party Plaintiffs gives rise to liability to the Plaintiffs under their claims set forth in the Complaint (which is denied), then Westville Utility Authority's conduct and operations, which result in the release of some or all of the same constituents into the IRW, give rise to its liability to Third Party Plaintiffs.

28. Third Party Defendants, Sequoyah Fuels International and Sequoyah Fuels Corporation are corporations under the laws of the State of Delaware. Upon information and belief, Sequoyah Fuels International is the parent of Sequoyah Fuels Corporation, and controls the actions of Sequoyah Fuels Corporation, including its environmental policies and waste disposal practices. Consequently, Sequoyah Fuels International and Sequoyah Fuels Corporation are jointly and severally liable for the ownership and operation of a facility located in Gore, Oklahoma. The operations within that facility

include but are not limited to the production of uranium hexafluoride and uranium hexafluoride to uranium tetra fluoride. Sequoyah Fuels Corporation holds a NPDES Permit No. OK0000191, pursuant to which Sequoyah Fuels International and/or Sequoyah Fuels Corporation discharges or has discharged wastewater directly into waters within the IRW. The operations and activities described above have and continue to result in the release of phosphorus and other constituents into the IRW. Accordingly, if the conduct of the Third Party Plaintiffs gives rise to liability to the Plaintiffs under their claims set forth in the Complaint (which is denied), then Sequoyah Fuels International's and/or Sequoyah Fuels Corporations' conduct and operations, which result in the release of some or all of the same constituents into the IRW, give rise to their liability to Third Party Plaintiffs.

LESS AND EXCEPT the following described tract of land conveyed to Mark Seratt and Eileen Seratt, Husband and Wife, by Warranty Deed, dated April 9, 1997, which is recorded in Book 579 at Page 313 of the records of the Cherokee County Clerk: Commencing at the Southeast Corner of the NE4 of the NE4 of Section 30, Township 17 North, Range 23 East, Cherokee County, Oklahoma, thence N00°01'04"W, 741.27 feet; thence N45°44'22"W, for a distance of 237.92 feet.

As the owner of the property, the Millie Seratt Trust has failed to fence cattle out of the Illinois River, and has also permitted those cattle to graze and deposit manure on the above property and in the Illinois River. Moreover, the Millie Seratt Trust has failed to maintain proper riparian buffers along the Illinois River which in turn has created serious and systematic bank erosion. The operations and activities described above have and continue to result in the release of phosphorus and other constituents into the IRW. Accordingly, if the conduct of the Third Party Plaintiffs gives rise to liability to the Plaintiffs under their claims set forth in the Complaint (which is denied), then the Millie Seratt Trust's conduct and operations, which result in the release of some or all of the same constituents into the IRW, give rise to its liability to Third Party Plaintiffs.

Upon information and belief, David and Brenda Spears permit Thunderbird Resort, Inc. to operate a facility on the above described property. Thunderbird Resort's operations include but are not limited to a canoe and raft rental, camping, RV hookups, cabins, bunkhouse, lodge, showers and a private sewage system. The operations and activities described above have and continue to result in the release of phosphorus and other constituents into the IRW. Accordingly, if the conduct of the Third Party Plaintiffs gives rise to liability to the Plaintiffs under their claims set forth in the Complaint (which is denied), then Thunderbird Resort's conduct and operations, which have been permitted on the property by David and Brenda Spears and which result in the release of some or all of the same constituents into the IRW, give rise to their liability to Third Party Plaintiffs.

84. Third Party Defendant, Thunderbird Resort, Inc. is a suspended corporation under the laws of Oklahoma operating a facility located at 7704 Hwy 10, Tahlequah, Oklahoma within the IRW, on property owned by Third Party Defendant,

David Spears, more specifically described in Paragraph No. 83, above. Third Party Defendant, Thunderbird Resort's activities and operations within the IRW, include but are not limited to canoe and raft rental, camping, RV hookups, cabins, bunkhouse, lodge, showers and a private sewage system. Upon information and belief, Thunderbird Resort also systematically applies fertilizers and other chemicals to the property within the IRW. The operations and activities described above have and continue to result in the release of phosphorus and other constituents into the IRW. Accordingly, if the conduct of the Third Party Plaintiffs gives rise to liability to the Plaintiffs under their claims set forth in the Complaint (which is denied), then Thunderbird Resort's conduct and operations, which result in the release of some or all of the same constituents into the IRW, give rise to its liability to Third Party Plaintiffs.

J5 Ranch's operations include but are not limited to raising cattle and cultivating hay. J5 Ranch permits cattle to graze and deposit manure on some or all of the above referenced property which is within the IRW. Additionally, J5 Ranch systematically applies fertilizers and other chemicals on the property for hay production within the IRW. The operations and activities described above have and continue to result in the release of phosphorus and other constituents into the IRW. Accordingly, if the conduct of the Third Party Plaintiffs gives rise to liability to the Plaintiffs under their claims set forth in the Complaint (which is denied), then J5 Ranch, LLC's conduct and operations, which result in the release of some or all of the same constituents into the IRW, give rise to its liability to Third Party Plaintiffs.

113. Third Party Defendant, Tom Tate has legal title to property located at HC 66, Box 107, Proctor, Oklahoma, more specifically identified by the following legal description:

Upon information and belief, Tom Tate permits Skelly Ranch, Inc. to operate on his property. Skelly Ranch's operations include but are not limited to raising cattle. Skelly Ranch permits cattle to graze and deposit manure on some or all of the above referenced property which is within the IRW. Additionally, Tom Tate has failed to maintain proper riparian buffers along the Illinois River which in turn has created serious and systematic bank erosion. The operations and activities described above have and continue to result in the release of phosphorus and other constituents into the IRW. Accordingly, if the conduct of the Third Party Plaintiffs gives rise to liability to the Plaintiffs under their claims set forth in the Complaint (which is denied), then the conduct and operations of Tom Tate and the conduct and operations of Skelly Ranch, Inc. permitted by Tom Tate, which result in the release of some or all of the same constituents into the IRW, give rise to his liability to Third Party Plaintiffs.

114. Third Party Defendant, Skelly Ranch, Inc. is a suspended corporation under the laws of Oklahoma which operates upon the property of Third Party Defendant, Tom Tate, more specifically identified in Paragraph No.113. Skelly Ranch's operations include but are not limited to raising cattle. Skelly Ranch permits cattle to graze and deposit manure on some or all of the above referenced property which is within the IRW. The operations and activities described above have and continue to result in the release of phosphorus and other constituents into the IRW. Accordingly, if the conduct of the Third Party Plaintiffs gives rise to liability to the Plaintiffs under their claims set forth in the Complaint (which is denied), then Skelly Ranch, Inc.'s conduct and operations, which result in the release of some or all of the same constituents into the IRW, give rise to its liability to Third Party Plaintiffs.

Upon information and belief, the Hayes Family Limited Partnership permits Flint Creek Farm, LLC to operate on its property. Flint Creek Farm, LLC systematically applies fertilizers and other chemicals on the property for hay production within the IRW. The operations and activities described above have and continue to result in the release of

phosphorus and other constituents into the IRW. Accordingly, if the conduct of the Third Party Plaintiffs gives rise to liability to the Plaintiffs under their claims set forth in the Complaint (which is denied), then Flint Creek Farm, LLC's conduct and operations, which have been permitted on the property by the Hayes Family Limited Partnership and which result in the release of some or all of the same constituents into the IRW, give rise to their liability to Third Party Plaintiffs.

135. Third Party Defendant, Flint Creek Farm, LLC is a limited liability company under the laws of Oklahoma and is operating on the property located at 550 Rd., Colcord, Oklahoma within the IRW, on property owned by the Hayes Family Limited Partnership more specifically described in Paragraph No.134, above. Third Party Defendant, Flint Creek Farm, LLC's activities include but are not limited to the systematic application of fertilizers and other chemicals to the property owned by the Hayes Family Limited Partnership for hay production within the IRW. The operations and activities described above have and continue to result in the release of phosphorus and other constituents into the IRW. Accordingly, if the conduct of the Third Party Plaintiffs gives rise to liability to the Plaintiffs under their claims set forth in the Complaint (which is denied), then Flint Creek Farm, LLC's conduct and operations, which result in the release of some or all of the same constituents into the IRW, give rise to its liability to Third Party Plaintiffs.

136. Third Party Defendants, James Thomas and Erin Jones have legal title to the property located at Rd 770, Colcord, Oklahoma, more specifically identified as:

and;
NE1/4 SW1/4 NE1/4 and SE1/4 NW1/4 NE1/4 of Section 14, Township 20 North, Range 25 East, subject to existing easements.

Upon information and belief, James D. and Susan Morrison permit cattle and horses to graze and deposit manure on the above referenced property which is within the IRW. Additionally, James D. and Susan Morrison systematically apply fertilizers and other chemicals on the property for hay production within the IRW. The operations and activities described above have and continue to result in the release of phosphorus and other constituents into the IRW. Accordingly, if the conduct of the Third Party Plaintiffs gives rise to liability to the Plaintiffs under their claims set forth in the Complaint (which is denied), then James D. and Susan Morrison's conduct and operations, which result in the release of some or all of the same constituents into the IRW, give rise to their liability

to Third Party Plaintiffs.

166. Third Party Defendant, Kenneth E. Davis has legal title to the property located at Road 761, Westville, Oklahoma, more specifically identified as:

All that part of the West 10 acres of Lot 2, Section 6, Township 16 North, Range 26 East lying and being East of the County Road as such county road is located on the date of this instrument. centerline (median) of the water flow of the Baron (Barren) Fork Creek as such centerline (median) is established during low water periods.

Upon information and belief, Kenneth E. Davis permits horses to graze and deposit manure on the above referenced property which is within the IRW. Additionally, Kenneth E. Davis systematically applies fertilizers and other chemicals on the property for hay production within the IRW. The operations and activities described above have and continue to result in the release of phosphorus and other constituents into the IRW. Accordingly, if the conduct of the Third Party Plaintiffs gives rise to liability to the Plaintiffs under their claims set forth in the Complaint (which is denied), then Kenneth E. Davis' conduct and operations, which result in the release of some or all of the same constituents into the IRW, give rise to his liability to Third Party Plaintiffs.

167. Third Party Defendant, Tumbling T Bar LLC, owns and operates property located at 10733 N. 569 Rd., Proctor, Oklahoma 74457, more specifically identified as:

The W2 SW4, less that part of the SE4 SW4 SW4 lying east of the Illinois River, in Section 24, Township 18 North, Range 22 East, Cherokee County, State of Oklahoma.

2. A tract of land in the E2 SW4 NW4 of Section 24, Township 18 North, Range 22 East, more particularly described as follows, to-wit: Beginning at a Point 355.0 feet East of the SW/Corner of the E2 SW4 NW4 of said Section 24; thence Northwesterly in a straight line to a Point 200.0 feet East and 151.5 feet North of the NW/Corner of the SE4 SW4 NW4; thence in a Northwesterly direction on a straight line to the NW/Corner of the NE4 SW4 NW4; thence East a distance of 660.0 feet; thence South a distance of 1320.0 feet; thence West a distance of 305.0 feet to the Point of Beginning, Cherokee County, State of Oklahoma; and All that part of the E2 NW4 NW4 of Section 24, Township 18 North, Range 22 East, lying South and East of Highway No. 10, according to the United States Survey thereof, Cherokee County, State of Oklahoma.

3. The SW4 SW4 SE4 of Section 24, Township 18 North, Range 22 East, AND The NE4 SW4 and the N2 SE4 SW4 and the SE4 SW4 SE4 and the S2 SE4 SE4 and the NE4 SE4 SE4 of Section 24, Township 18 North, Range 22 East of the Indian Base and Meridian, according to the United States Survey thereof, Cherokee County, State of Oklahoma; LESS AND EXCEPT The Northeast half of the following described land: All that part

of the SE4 of Section 24, Township 18 North, Range 22 East of the Indian Base and Meridian lying South and East of the county road, Cherokee County, State of Oklahoma.

4. Lots 1 & 2, Block 5, KENWOOD HILLS ADDITION, a subdivision of a part of the SE4 of Section 4, Township 16 North, Range 22 East, City of Tahlequah, Cherokee County, State of Oklahoma.

5. The NW4 NE4 SE4 and the S2 NE4 SE4 and the NW4 SE4 SE4 and the N2 SW4 SE4 and the NW4 SE4 of Section 24, Township 18 North, Range 22 EIM, containing 100 acres, more or less, according to the U.S. government Survey thereof, Cherokee County, State of Oklahoma all of the foregoing LESS AND EXCEPT a tract of land described as follows: Commencing at the SW/Corner of the SE/4 of Section 24, Township 18 North, Range 22 East, Cherokee County, Oklahoma; thence N0°02'W on West line SE/4 a distance of 1473.46 feet; thence N89°58'00"E a distance of 430.83 feet to the POINT OF BEGINNING; thence N10°43'14"E, a distance of 281.00 feet; thence S80°00'52"E, a distance of 158.60 feet; thence S10°54'06"W, a distance of 284.28 feet; thence N78°49'39"W, a distance of 157.70 feet to the POINT OF BEGINNING; said described tract containing 1.0 Acres, more or less.

Tumbling T. Bar permits horses to graze and deposit manure on the above referenced property which is within the IRW. Additionally, Tumbling T. Bar systematically applies fertilizers and other chemicals on the property for hay production within the IRW. Moreover, Tumbling T. Bar has failed to maintain proper riparian buffers along the Illinois River which in turn has created serious and systematic bank erosion. Upon information and belief, the bank erosion on the property has resulted in the loss of stream bank. The operations and activities described above have and continue to result in the release of phosphorus and other constituents into the IRW. Accordingly, if the conduct of the Third Party Plaintiffs gives rise to liability to the Plaintiffs under their claims set forth in the Complaint (which is denied), then Tumbling T. Bar, LLC's conduct and operations, which result in the release of some or all of the same constituents into the IRW, give rise to its liability to Third Party Plaintiffs.

168. Third Party Defendants, Eugene Dill and Doris Mares own property

located at 32054 Hwy 82, Cookson, Oklahoma, more specifically identified as:

A tract of land located in the SE4 of Section 1 and the NE4 of Section 12, Township 14 North, Range 22 East, Commencing at a point 331.72 feet North and 120.48 feet East of the NE/Corner of the NW4 of NW4 of NE4 of Section 12, Township 14 North, Range 22 East, Cherokee County, Oklahoma; thence Southeasterly along the East right of way of S.H. # 82 with a curve to the left of 6 00'00" for a distance of 340.73 feet; thence N89 29'06" E for a distance of 91.30 feet to the point of beginning; thence S7 18'00"E, for a distance of 93.80 feet; thence S77 42'00" W, for a distance of 47.00 feet; thence Southeasterly along the East right of way of S.H. #82 with a curve to the left of 6 00'00" for a distance of 249.35 feet; thence S47 09'23" E, for a distance of 57.80 feet; thence N43 23'01"E, for a distance of 439.32 feet; thence S51 01'43" E, for a distance of 140.53 feet; thence N 52 07'22" E, for a distance of 158.54 feet; thence N2 09'00" E, for a distance of 327.19 feet; thence N89 29'51" W, for a distance of 534.04 feet; thence S29 05'00" W for a distance of 371.80 feet to the point of beginning, according to the U.S. Survey thereof.

Upon information and belief, Eugene Dill and Doris Mares own and operate the Cookson County Store and Cabins on the property identified above. The Cookson County Store and Cabins' operations include but are not limited to a convenience store, cabin, a sixteen unit motel and a private sewage system. The operations and activities described above have and continue to result in the release of phosphorus and other constituents into the IRW. Accordingly, if the conduct of the Third Party Plaintiffs gives rise to liability to the Plaintiffs under their claims set forth in the Complaint (which is denied), then the conduct and operations of Eugene Dill, Doris Mares, and Cookson County Store Cabins, which result in the release of some or all of the same constituents into the IRW, give rise to their liability to Third Party Plaintiffs.

169. Third Party Defendants John and/or Jane Doe Defendants 29 through 150 are all individuals, corporations, limited liability companies, limited partnerships or other entities which own or operate septic tank systems, agricultural operations including livestock operations and fertilization and application of chemicals to crops and pastures,

gravel mining, nurseries, and other operations. The operations and activities described above have and continue to result in the release of phosphorus and other constituents into the IRW. Accordingly, if the conduct of the Third Party Plaintiffs gives rise to liability to the Plaintiffs under their claims set forth in the Complaint (which is denied), then the conduct and operations of John and Jane Doe Defendants 29 through 150, which result in the release of some or all of the same constituents into the IRW, give rise to their liability to Third Party Plaintiffs.

IV. JURISDICTION AND VENUE

170. This court has subject matter jurisdiction over the claims set forth herein to the extent that the Court has jurisdiction over the claims and parties identified in the Complaint. The damages claimed by the Plaintiffs in the Complaint are alleged to have been caused by the Third Party Plaintiffs' activities within the Illinois River Watershed as defined by the Plaintiffs in Paragraphs No. 22-23 of the Complaint. Third Party Plaintiffs likewise assert that the acts and omissions of the Third Party Defendants occurred in the within the State of Oklahoma. Moreover, Plaintiffs have alleged that this Court has subject matter jurisdiction, pursuant to 28 U.S.C. § 1331, 42 U.S.C. §9613 (b), and 42 U.S.C. § 6972(a), over their asserted claims under CERCLA and SWDA which seek abatement, assessment damages, remediation, damages for loss of value and restoration of natural resources. Additionally, this Court has supplemental jurisdiction over this matter and any claims by the Third Party Plaintiffs for contribution from other potentially responsible parties, as well as any claims against other potentially responsible parties under the SWDA and the common-law of unjust enrichment pursuant to 28 U.S.C. § 1367.

171. Personal jurisdiction is properly exercised over the Third Party Defendants because the activities engaged in by Third Party Defendants are occurring or have occurred on property located within the State of Oklahoma. *See* Fed. R. Civ. P. 4(e), (k).

172. A substantial part of the activities which give rise to the third party claims alleged herein occurred in the Northern District of Oklahoma, and a substantial part of the Illinois River Watershed is situated in the Northern District of Oklahoma. Therefore, venue is proper in this Court pursuant to 28 U.S.C. § 1391 (b).²

V. STATEMENTS OF FACT

A. The Underlying Lawsuit

173. Plaintiffs filed their Complaint against Third Party Plaintiffs on June 13, 2005. On August 18, 2005, Plaintiffs filed their Amended Complaint against Third Party Plaintiffs, a copy of which is attached hereto as Ex. “1.”

174. Plaintiffs purport to bring their claims as “Attorney General of the State of Oklahoma and...Trustee for Natural Resources of the State of Oklahoma...” (Am. Cmplt. pg. 1).

175. Plaintiffs allege that the Third Party Plaintiffs’ operations in the IRW have “caused injury to the IRW, including the biota, lands, waters and sediments therein.”

176. Plaintiffs allege the “1,069,530-acre Illinois River Watershed (“IRW”) straddles the Oklahoma-Arkansas border. The approximately 576,030 acres of the IRW that are located in Oklahoma include portions of Delaware, Adair, Cherokee and Sequoyah counties...as well as its major tributaries, the Baron (a/k/a Barren) Fork River, the Caney Creek and the Flint Creek.” (Am. Cmplt. at ¶¶ 22, 23).

² Certain of the Third Party Plaintiffs have asserted that the venue of the underlying action is more properly had in the United States District Court for the Eastern District of Oklahoma. These Third Party Plaintiffs make the allegations in this Third Party Complaint without waiver of this objection.

177. Plaintiffs allege the “Illinois River feeds into the 12,900 acre Tenkiller Ferry Lake....” (Am. Cmplt. at ¶ 26).

178. Plaintiffs allege that “[i]n recent years these resources have been and are continuing to be polluted, degraded, and their uses have been and are continuing to be injured and impaired,” and that “[t]his pollution of and injury to the IRW, including the biota, lands, waters and sediments therein, are indivisible,” which Third Party Plaintiffs have denied and continue to deny. [Am. Cmplt. at ¶¶ 29, 30].

179. Plaintiffs allege that Third Party Plaintiffs “are responsible for this pollution of, as well as the degradation of, impairment of and injury to the IRW, including biota, lands, waters and sediments therein,” by virtue of their independent contract farmers’ agriculture practices. Those alleged agriculture practices include the land application of poultry litter as a fertilizer “in excess of any agronomic need,” which Third Party Plaintiffs have denied and continue to deny. [Am. Cmplt. at ¶ 31, 50]

180. Plaintiffs allege that any application of poultry litter in excess of agronomic need “constitutes waste disposal rather than any normal or appropriate application of fertilizer,” which Third Party Plaintiffs have denied and continue to deny [Am. Cmplt. at ¶ 50].

181. Plaintiffs allege these alleged “waste disposal practices lead to run-off and release of large quantities of phosphorous and other hazardous substances, pollutants and contaminants in the poultry waste onto and from the fields and into the waters of the IRW,” and “large quantities of phosphorous and other hazardous substances, pollutants and contaminants to accumulate in soils,” which lead to continued and future run-off into the waters of the IRW, which Third Party Plaintiffs have denied and continue to deny.

[Am. Cmplt. at ¶¶ 52, 53]

182. Plaintiffs allege that poultry litter contains “a number of constituents that can and do cause harm to the environment and pose human health hazards.” The constituents alleged in by Plaintiffs include:

- a. phosphorus/phosphorus compounds;
- b. nitrogen/nitrogen compounds;
- c. arsenic/arsenic compounds;
- d. zinc/zinc compounds;
- e. copper/copper compounds;
- f. hormones; and/or
- g. microbial pathogens.

183. Plaintiffs allege that “[t]he lands and waters in the IRW...contain elevated levels of a number of constituents.” [Am. Cmplt. at ¶¶ 58, 59].

184. Plaintiffs assert that the nutrients and metal compounds listed above in Paragraph No. 182 are hazardous substances under CERCLA, which Third Party Plaintiffs deny. [Am. Cmplt. at ¶¶ 61, 62].

185. Plaintiffs assert that “poultry waste is a solid and/or hazardous waste under the SWDA,” which Third Party Plaintiffs have denied and continue to deny. [Am. Cmplt. at ¶ 92]

186. Plaintiffs allege that each of the Third Party Plaintiffs “has in the past been or is now a generator of poultry waste and/or has in the past been or is now an owner or operator of a treatment, storage or disposal facility for poultry waste,” which Third Party Plaintiffs have denied and continue to deny. [Am. Cmplt. at ¶ 93].

187. Plaintiffs allege that each of the Third Party Plaintiffs is “a ‘person’ as defined by SWDA who has contributed to and/or is contributing to the past or present handling, storage, treatment, transportation or disposal of poultry waste in the IRW...,” which Third Party Plaintiffs have denied and continue to deny. [Am. Cmplt. at ¶ 94].

188. Plaintiffs allege that “[a]n imminent and substantial endangerment to health or the environment may be presented and is in fact presented as a direct and proximate result of each of [the Third Party Plaintiffs’] respective contribution to the handling, storage, treatment, transportation or disposal of poultry waste in the IRW...,” which Third Party Plaintiffs have denied and continue to deny. [Am. Cmplt. at ¶ 95].

189. Plaintiffs claim that Third Party Plaintiffs have “intentionally” created a private and public nuisance under both Oklahoma and Federal law “[a]s a result of their poultry waste disposal practices,” which include the “placement/contribution to the placement of poultry wastes where they are likely to cause pollution,” which Third Party Plaintiffs have denied and continue to deny. [Am. Cmplt. at ¶¶ 99-104, 110-114].

190. Plaintiffs have also claimed that Third Party Plaintiffs’ activities as alleged in the Complaint constitute “an actual and physical invasion of and interference with the State of Oklahoma’s property interests in the IRW...,” which Third Party Plaintiffs have denied and continue to deny. [Am. Cmplt. at ¶¶ 120-122].

191. Plaintiffs allege that Third Party Plaintiffs have violated 27A O.S. § 2-6-105, 2 O.S. § 2-18.1 “by and through their wrongful poultry waste disposal practices...,” and thus, Plaintiffs state they are entitled to civil penalties for each respective violation pursuant to 27A O.S. § 2-3-504 and 2 O.S. § 2-16, which Third Party Plaintiffs have denied and continue to deny. [Am. Cmplt. at ¶¶ 129-132].

192. Plaintiffs further allege that Third Party Plaintiffs have violated the Animal Waste Management Plan criteria set forth in Oklahoma Administrative Code, § 35:17-3-14 by their “wrongful poultry waste disposal practices...,” and thus, Plaintiffs state they are entitled to civil penalties pursuant to 2 O.S. § 9-212, which Third Party Plaintiffs have denied and continue to deny. [Am. Cmplt. at ¶¶ 138, 139].

193. Plaintiffs claim that by engaging “in improper poultry waste disposal practices,” the Third Party Plaintiffs have “avoided the costs of properly managing and disposing of their poultry waste” to their economic benefit and at the expense of the Plaintiffs’ rights, and thus, Third Party Plaintiffs have had a benefit conferred upon them by Plaintiffs. Plaintiffs claim that this is an unjust enrichment and seek “disgorgement of all gains...realized in consequence of their wrongdoing,” which Third Party Plaintiffs have denied and continue to deny. [Am. Cmplt. at ¶¶ 141-147].

194. Pursuant to their claims, Plaintiffs are seeking all past monetary damages, future damages, permanent injunctive relief, declaratory judgment, restitution, exemplary damages, statutory penalties, pre-judgment interest, attorney’s fees and costs (including but not limited to court costs, expert and consultants costs, and litigation and investigative expenses). [Am. Cmplt. at Prayer for Relief ¶¶ 1-8].

B. General Allegations Regarding Third Party Defendants

195. Third Party Plaintiffs incorporate Paragraphs 1 through 194 as though fully set forth herein.

196. Third Party Plaintiffs have denied and continue to deny all of the Plaintiffs’ allegations of wrongdoing, and deny that they are responsible for or have contributed to any purported pollution in the IRW.

197. On April 8, 2005, Third Party Plaintiffs served Third Party Defendants, City of Tahlequah, City of Westville and City of Watts, with their written notice of Third Party Plaintiffs' claims against them based upon Plaintiffs' claims pursuant to the Oklahoma Governmental Tort Claims Act, 51 O.S. § 156. [Governmental Tort Claim Notices, attached hereto as Exhibit "3"].

198. On May 3, 2005, Third Party Plaintiffs received a letter from Third Party Defendant, City of Tahlequah denying their claims. Third Party Defendants, City of Westville and City of Watts, failed to either approve or deny Third Party Plaintiffs' claims within ninety (90) days of its submission; thus, Third Party Plaintiffs' claims have been deemed denied pursuant to 51 O.S. § 157. [City of Tahlequah Denial letter, attached hereto as Exhibit "4"].

199. On July 28, 2005, Third Party Plaintiffs served Third Party Defendants Adair County, Oklahoma; Cherokee County, Oklahoma; Delaware County, Oklahoma; and Sequoyah County, Oklahoma with their written notice of Third Party Plaintiffs' claims based upon the Original Complaint filed by Plaintiffs on June 13, 2005, pursuant to the Oklahoma Governmental Tort Claims Act, 51 O.S. § 157. [Governmental Tort Claim Notices, attached hereto as Exhibit "5"].

200. On October 7, 2005, October 14, 2005, and November 10, 2005, Third Party Plaintiffs served supplemental written notice of Third Party Plaintiffs' claims based upon the First Amended Complaint filed by Plaintiffs on August 18, 2005, upon Third Party Defendants Adair County, Oklahoma; Cherokee County, Oklahoma; Delaware County, Oklahoma; and Sequoyah County, Oklahoma, and their initial notice upon Tahlequah Public Works Authority and Westville Utility Authority pursuant to the

Oklahoma Governmental Tort Claims Act, 51 O.S. § 157. [Supplemental Governmental Tort Claim Notices, attached hereto as Exhibit “6”].

201. Third Party Defendants, Adair County, Oklahoma; Cherokee County, Oklahoma; Delaware County, Oklahoma; Sequoyah County, Oklahoma; Tahlequah Public Works Authority; and Westville Utility Authority failed to either approve or deny Third Party Plaintiffs’ claims within ninety (90) days of its submission; thus, Third Party Plaintiffs’ claims have been deemed denied pursuant to 51 O.S. § 157.

202. Third Party Defendants, including the John and Jane Doe Third Party Defendants, have and continue to engage in operations and/or activities within the IRW, more specifically identified in Paragraphs 19 through 169, which include but are not limited to discharging sewage and wastewater, applying of organic and commercial fertilizer and chemicals, failing to properly maintain and prevent erosion of riparian lands, mining of gravel and dirt within the river and creek beds, maintaining livestock operations, permitting livestock access to the waters and riparian buffers within the IRW, and engaging in other activities which result in the release of some or all of the constituents alleged in the Complaint into the IRW as defined by Plaintiffs. [Am. Cmplt. at ¶¶58, 61-64].

203. To the extent the Court finds the natural resources of the IRW, including the biota, lands, waters and sediments have been adversely impacted as alleged by Plaintiffs in their Complaint, such adverse impacts have been caused or contributed to by the acts and omissions of the Third Party Defendants which, as set forth in Paragraphs 19 through 169 above, have resulted in the release of the same or similar constituents into the IRW as those allegedly contained in poultry litter.

204. As stated in their Complaint, Plaintiffs allege that Third Party Plaintiffs by applying poultry litter as a fertilizer to the lands within the IRW have caused and are causing “an unreasonable invasion of, interference with, impairment to, inconvenience to, annoyance to and injury to the State of Oklahoma and the public’s beneficial use and enjoyment of the IRW, including the biota, lands, waters and sediments therein.” [Am. Cmplt. at ¶¶ 100, 111].

205. Although Third Party Plaintiffs have denied and continue to deny all of the allegations of wrongdoing as alleged by Plaintiffs, should Third Party Plaintiffs be found liable to Plaintiffs and Plaintiffs recover damages or injunctive relief pursuant to any of Plaintiffs’ claims for nuisance or trespass, Third Party Plaintiffs assert that they are entitled to contribution pursuant to 12 O.S. § 832 from Third Party Defendants based upon their operations and/or activities within the IRW.

206. Should Third Party Plaintiffs be found liable to Plaintiffs and Plaintiffs recover damages or injunctive relief deriving from any wastes, pollutants or constituents released or emanating from the lands, facilities or operations of the Third Party Defendants, such recovery would constitute an unjust enrichment of the Third Party Defendants, coupled with a resulting injustice to the Third Party Plaintiffs, which entitles the Third Party Plaintiffs to recover from the Third Party Defendants the amount of damages and/or the cost of any injunctive relief associated with responding to or for any injury caused by the Third Party Defendants’ ownership and/or operations within the IRW.

207. As stated in the Complaint, Plaintiffs allege that “[t]he IRW, including the lands, waters and sediments therein, constitutes a ‘site or area where a hazardous

substance...has been deposited, stored, disposed of, or place, otherwise come to be located;’ and, as such, constitutes a ‘facility’ within the meaning of CERCLA, 42 U.S.C. § 9601(9).” [Am. Cmplt. at ¶¶72, 81].

208. While Third Party Plaintiffs deny and continue to deny the allegations of wrongdoing contained within the Complaint, Third Party Plaintiffs state that should the Court find that the IRW, including the biota, lands, waters and sediments therein constitute a “facility” under CERCLA, 42 U.S.C. § 9601(9), then the IRW is also a “facility” as to the Third Party Defendants’ operations and/or activities within the IRW. Moreover, if the Court finds that the individual contract grower’s farms constitute a “facility” under CERCLA, 42 U.S.C. § 9601 (9) simply by virtue of the fact that the land application of poultry litter has occurred on that contract grower’s farm (which is denied), then following the same logic, the properties upon which the Third Party Defendants’ operations and activities occur would also constitute a “facility” under CERCLA.

209. As stated in the Complaint, Plaintiffs allege that each of the Third Party Plaintiffs “is a ‘person,’ and thus, a potentially responsible party within the meaning of CERCLA, 42 U.S.C. § 9601(21).” If the Court finds that Third Party Plaintiffs based upon the activities of their independent growers are “persons” within the meaning of CERCLA, 42 U.S.C. § 9601(21), then Third Party Defendants are also “persons” under CERCLA in that they, individually and collectively, engage in operations and/or activities within the IRW that have and continue to result in the release of phosphorous and some or all of the constituents alleged in the Complaint into the IRW.

210. As stated in the Complaint, Plaintiffs allege that each of the Third Party Plaintiffs are covered “within the meaning of CERCLA, 42 U.S.C. § 9607(a), in that

they, individually and collectively, have arranged for disposal of their poultry waste which contains hazardous substances...which has been released to and within the IRW...,” and that they “individually and collectively, have been owners and/or operators during the time their poultry waste containing these hazardous substances was generated and disposed of and released into the IRW....” If the Court finds that Third Party Plaintiffs are potentially responsible parties under CERCLA, 42 U.S. § 9607(a), then Third Party Defendants are also potentially responsible parties under CERCLA in that they, individually or collectively, engage in operations and/or activities within the IRW that have and continue to result in the release of phosphorous and some or all of the constituents alleged in the Complaint into the IRW. [Am. Cmplt. at ¶¶ 74, 75, 83 and 84].

211. Plaintiffs allege in the Complaint that by and through Third Party Plaintiffs’ activities and operations, “‘hazardous substances’ within the meaning of CERCLA, 42 U.S.C. § 9601(14)...were disposed of in the IRW, including the lands, waters and sediments therein, resulting in ‘releases’ and/or ‘threatened releases’ of hazardous substances within the meaning of CERCLA, 42 U.S.C. § 9601 (22). In the event the Court finds that the constituent elements and/or compounds within poultry litter, as outlined in Plaintiffs’ Complaint at Paragraphs No. 79 and 80, are “‘hazardous substances” within the meaning of CERCLA, then Third Party Defendants’ activities and/or operations within the IRW which result in the release or threatened release of some or all of the same constituents as poultry litter would, likewise, be considered a release of a “hazardous substance” under CERCLA into the IRW. [Am. Cmplt. at ¶¶ 72, 80].

212. While continuing to deny the allegations of wrongdoing in the Complaint, in the event that Third Party Plaintiffs are found liable under Plaintiffs' CERCLA cost recovery claims for the alleged release of "hazardous substances," then Third Party Defendants should, likewise, be liable for their activities and/or operations within the IRW which result in the release of the same alleged "hazardous substances" into the IRW.

213. Although Third Party Plaintiffs have denied and continue to deny all of the allegations of wrongdoing as alleged by Plaintiffs, should Third Party Plaintiffs be found liable under CERCLA § 107 for Plaintiffs' cost recovery claims, and be ordered to pay response costs, which include, but are not limited to costs of monitoring, assessing and evaluation of the waters, wildlife and biota in the IRW, to the Plaintiffs, then Third Party Plaintiffs are entitled to contribution pursuant to CERCLA, 42 U.S.C. § 9613(f) and Third Party Plaintiffs are entitled to pursue unjust enrichment claims against Third Party Defendants because Third Party Defendants' activities and/or operations within the IRW have resulted in the release of some, if not all of the same constituents alleged by the Plaintiffs to be "hazardous substances." Thus, as a result of their activities and/or operations, if Third Party Plaintiffs are required to pay any damages to Plaintiffs, then Third Party Defendants should be required to pay for their respective shares of any response costs adjudged against the Third Party Plaintiffs.

214. Although Third Party Plaintiffs have denied and continue to deny all of the allegations of wrongdoing as alleged by Plaintiffs, should Third Party Plaintiffs be found liable to Plaintiffs under CERCLA § 107, and a declaratory judgment be entered holding Third Party Plaintiffs liable for all future necessary responses costs, then Third Party

Plaintiffs are entitled to a declaratory judgment against Third Party Defendants holding them similarly liable for their respective shares of any future response costs due to their activities and/or operations within the IRW, which have resulted in the release of some, if not all, of the same constituents alleged by the Plaintiffs as “hazardous substances.” Furthermore, if Third Party Plaintiffs are required to pay any future necessary response costs under CERCLA § 107, pursuant to any declaratory judgment entered by the Court, then Third Party Defendants should, likewise, be required to pay for their respective shares of any future necessary response costs adjudged against the Third Party Plaintiffs.

215. Plaintiffs also seek natural resource damages pursuant to 42 U.S.C. § 9607. In the Complaint, Plaintiffs allege that “[t]he Oklahoma Secretary of the Environment, acting on behalf of the State of Oklahoma, is the designated CERCLA trustee for ‘natural resources’ in, belonging to, managed by, held in trust by, appertaining to or otherwise controlled by the State of Oklahoma,” and that as trustee, the Oklahoma Secretary of the Environment “shall assess damages to natural resources for purposes of CERCLA for those natural resources under their trusteeship.” [Am. Cmplt. at ¶ 79].

216. Plaintiffs claim that “[a]s a result of the release of hazardous substances...into the IRW...there has been injury to, destruction of, and loss of natural resources in the IRW, including the land, fish, wildlife, biota, air, water, ground water, drinking water supplies and all other such resources therein...” According to Plaintiffs’ allegations, these alleged injuries are “continuing” in nature, and Plaintiffs have “incurred reasonable and necessary costs to assess and evaluate this injury and loss of natural resources.” [Am. Cmplt. at ¶¶ 85-87].

217. For their alleged natural resource damages claim under CERCLA, 42

U.S.C. § 9607 (a), Plaintiffs seek “(a) the cost to restore, replace, or acquire the equivalent of such natural resources; (b) the compensable value of lost services resulting from the injury to such natural resources; and (c) the reasonable cost of assessing injury to the natural resources and the resulting damages.” [Am. Cmplt. at ¶ 89].

218. While continuing to deny the allegations of wrongdoing in the Complaint, in the event that Third Party Plaintiffs are found liable under Plaintiffs’ CERCLA § 107 natural resource damages claim for the alleged release of “hazardous substances,” then Third Party Defendants should, likewise, be liable for their activities and/or operations within the IRW which resulted in the release of the same alleged “hazardous substances” into the IRW.

219. Although Third Party Plaintiffs have denied and continue to deny all of the allegations of wrongdoing as alleged by Plaintiffs, should Third Party Plaintiffs be found liable under CERCLA § 107, and be ordered to pay natural resource damages to Plaintiffs, which could include, but not be limited to “(a) the cost to restore, replace, or acquire the equivalent of such natural resources; (b) the compensable value of lost services resulting from the injury to such natural resources; and (c) the reasonable cost of assessing injury to the natural resources and the resulting damages,” then Third Party Plaintiffs are entitled to contribution pursuant to CERCLA, 42 U.S.C. § 9613(f) and damages for unjust enrichment from Third Party Defendants for their respective share of those damages because their activities and/or operations within the IRW have resulted in the release of some, if not all, of the same constituents alleged by the Plaintiffs as “hazardous substances” for their respective share of those damages.

220. On or about April 8, 2005, and in accordance with the applicable federal

and state statutes, Third Party Plaintiffs, Peterson Farms, Inc; Tyson Foods, Inc; Simmons Foods, Inc.; George's, Inc.; and Willow Brook Foods, Inc. served their Notice of Intent to File their Third Party Citizen Suit under the Solid Waste Disposal Act ("SWDA"), by registered and/or regular mail, properly addressed and postage prepaid to the following Third Party Defendants, as well as the appropriate federal and state officials, (copies of the letters sent are attached hereto as Exhibit "4"): City of Tahlequah; City of Westville; City of Watts; Sequoyah Fuels Corporation; Greenleaf Nursery Co., Inc., Park Hill Plants & Trees, Inc.; Cherry Springs Golf Club, Inc.; Tahlequah Livestock Auction, Inc.; Frates Properties; Flint Ridge Property Owners Association, Inc.; James C. 221. On October 7, 2005, October 14, 2005, and November 10, 2005, in accordance with the applicable federal and state statutes, Third Party Plaintiffs, Peterson Farms, Inc; Tyson Foods, Inc; Simmons Foods, Inc.; George's, Inc.; and Willow Brook Foods, Inc. served their Notice of Intent to File their Third Party Citizen Suit under the Solid Waste Disposal Act ("SWDA"), by registered and/or regular mail, properly addressed and postage prepaid to the following Third Party Defendants, as well as the appropriate federal and state officials, (copies of the letters sent are attached hereto as Exhibit "5" and "6"): Adair County; Cherokee County; Delaware County; Sequoyah County; Tahlequah Public Works Authority; Westville Utility Authority; River Farms of Tahlequah, LLC; David R. and Robin L. Adair as Trustees for John E. and Virginia W. Adair Family Trust Helen Watts, Trustee of Helen Watts Revocable Trust; Pro Lawn and Landscape; Hoby Ferrell, Greater Tulsa Investments, LLC.

222. In the Complaint, Plaintiffs allege that the Third Party Plaintiffs are responsible for the past and present handling, storage and disposal of “a solid and/or hazardous waste” that presents “an imminent and substantial endangerment to health and the environment in the IRW.” Plaintiffs' allegations are that the application of poultry litter as a fertilizer and/or soil conditioner by Third Party Plaintiffs, their independent contract farmers and other third parties who purchase poultry litter as a fertilizer and/or soil conditioner and apply it to their land within the IRW, presents an imminent and substantial endangerment to health and the environment. [Am. Compl. at ¶¶ 92-96].

223. Upon information and belief, the Third Party Defendants identified in Paragraph Nos. 220 and 221, above are responsible for their past and present activities and operations in the IRW, which have resulted in the release of some or all of the same constituents allegedly contained in poultry litter into the IRW. Therefore, if the Court finds that the application of poultry litter and its constituents as a fertilizer and/or soil conditioner to lands within the IRW constitutes the release of “a solid and/or hazardous waste under SWDA,” then the past and present conduct and activities of Third Party Defendants which result in the release of some or all of the same constituents as allegedly contained in poultry litter into the IRW would also constitute the release of “a solid and/or hazardous waste under SWDA.”

224. Furthermore, if the Court finds that the application of poultry litter as a fertilizer and/or soil conditioner by Third Party Plaintiffs, their independent contract growers and other third party property owners constitutes the past and present handling, storage and disposal of “a solid and/or hazardous waste,” and further finds that Third Party Plaintiffs have created an alleged imminent and substantial endangerment in the IRW under SWDA, then the Court must also find that the previously set forth activities and/or operations of the Third Party Defendants identified in Paragraph Nos. 220 and 221, above,, which result in the release into the IRW of some or all of the same constituents Plaintiffs allege are contained within poultry litter, also constitute the past and present handling, storage and disposal of “a solid and/or hazardous waste,” rendering Third Party Defendants liable for creating any alleged imminent and substantial endangerment in the IRW under SWDA.

225. Therefore, in the event the Court finds Third Party Plaintiffs liable under SWDA, then the Third Party Defendants identified in Paragraph Nos. 220 and 221, above, must also be held liable to Third Party Plaintiffs under their direct action under the Citizen Suit provisions of the SWDA for their activities and operations within the IRW. Moreover, if the Court issues any injunctive relief whether it be temporary or permanent against Third Party Plaintiffs, or requires them to engage in any clean-up, assessment or remediation efforts, the Third Party Defendants identified in Paragraph No. 220 and 221, above, should also be required to participate in any injunctive relief, clean-up, assessment or remediation efforts.

PRAYER FOR RELIEF

WHEREFORE, in the event Plaintiffs should receive any judgment against Third

Party Plaintiffs, Tyson Foods, Inc., Tyson Poultry, Inc., Tyson Chicken, Inc., Cobb-Vantress, Inc., George's, Inc., George's Farms, Inc., Peterson Farms, Inc., Simmons Foods, Inc., and/or Willow Brook Foods, Inc., for their alleged injuries, Third Party Plaintiffs likewise demand judgment against the Third Party Defendants on each of the claims alleged, including but not limited to the following:

(1) any injunctive relief granted against Third Party Plaintiffs, including any relief which requires Third Party Plaintiffs to remediate, abate any activity or condition, and/or pay any costs associated with assessing and quantifying the amount of remediation or natural resource damages;

(2) any damages or costs assessed against Third Party Plaintiffs for responding to any release or threatened release of any contaminant, pollutant or hazardous substance;

(3) any liability assessed for past monetary damages including all costs and expenses;

(4) any declaratory relief granted by the Court against Third Party Plaintiffs including any liability for future damages including all costs and expenses; and

(5) any restitution damages.

In the event that Plaintiffs should receive any judgment against Third Party Plaintiffs, Tyson Foods, Inc., Tyson Poultry, Inc., Tyson Chicken, Inc., Cobb-Vantress, Inc., George's, Inc., George's Farms, Inc., Peterson Farms, Inc., Simmons Foods, Inc., and/or Willow Brook Foods, Inc. pursuant to Plaintiffs' claims brought under the SWDA, Third Party Plaintiffs demand judgment against Third Party Defendants pursuant to their direct action under the Citizen Suit provisions of the SWDA requiring Third Party Defendants to:

(1) comply with all applicable permits, standards, regulations, conditions, requirements, prohibitions with regard to their past or present handling, storage, treatment, transportation or disposal of their solid or hazardous wastes; and

(2) take any other action necessary to abate and/or remediate any imminent and substantial endangerment to health or the environment to which they have contributed or are contributing.

In the event that Plaintiffs should receive any judgment against Third Party Plaintiffs, Tyson Foods, Inc., Tyson Poultry, Inc., Tyson Chicken, Inc., Cobb-Vantress, Inc., George's, Inc., George's Farms, Inc., Peterson Farms, Inc., Simmons Foods, Inc., and/or Willow Brook Foods, Inc. pursuant to Plaintiffs' claims which requires Third Party Plaintiffs to pay damages for or take any action with regard to any pollutant, contaminate or hazardous substance which was released or emanated from any lands, facilities or operations of the Third Party Defendants, Third Party Plaintiffs demand judgment against Third Party Defendants pursuant to their direct action under the law of unjust enrichment and be awarded:

(1) damages for any costs, assessments or monetary award against Third Party Plaintiffs which are associated with any pollutant, contaminate or hazardous substance which was released or emanated from any lands, facilities or operations of the Third Party Defendants; and

(2) the costs of any injunctive relief awarded against Third Party Plaintiffs which are associated any pollutant, contaminate or hazardous substance which was released or emanated from any lands, facilities or operations of the Third Party Defendants.

Third Party Plaintiffs also demand judgment against Third Party Plaintiffs for:

- (1) any punitive or exemplary damages;
- (2) attorney's fees and costs;
- (3) prejudgment interest; and
- (4) any further relief the Court deems just and appropriate.

Third Party Plaintiffs request a trial by jury on all issues so triable.

Respectfully submitted by and on behalf of:
